DETAILED ACTION

Allowable Subject Matter

1. Claims 1-11 and 21 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The applicant has successfully overcome the previous rejection of claims 1, 5 and 21 under 35 U.S.C. 112, first paragraph. The applicant's assertion that the claim limitation of a patterned layer including a plurality of grooves formed through the layer to expose portions of the second surface of the first substrate having been in the original specification as an embodiment of the final product illustrated in Figures 4 and 6 has overcome the rejection.

Furthermore, the prior art of record fails to teach or suggest the combination of limitations as set forth in claims 1, 5 and 21, and specifically comprising the limitation of a patterned layer including a plurality of grooves formed through the layer to expose portions of the second surface of the first substrate.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
